sometimes sold patent medicines are for the  
 doctor. The doctors order this. "The pa-  
 triarch" is told, "are mostly ignorant when  
 it comes to medical science. Suppose they are  
 of a sick man needs is not knowledge, but  
 aid, and the medicine that cures is the medicine  
 the sick. Dr. Pierce's Golden Medical Discovery  
 contains the "old" medicine and the "new" be-  
 liefs. There's no hesitation about it, no op-  
 portunity. It cures—It cures you, only if  
 direct." Because it falls occasionally. The  
 doctor hear of it when it does, because they  
 see the money when the medicine fails to do good.  
 The doctors sent on that principle. "W-  
 the doctor, pardon. It wouldn't be  
 telling, sneering and every other form of  
 abuse. It is the best, is radically cured by Dr. Sage  
 and Dr. Kennedy. Fifty cents. Sold by druggists

My preparations for restoring hair in physicians have been found to produce a month's hair. I then tried, successfully, several articles recommended by druggists, and all alike about a year of accumulating the desired result. The last remedy I applied was Ayer's Hair Vigor, which brought a month of hair in a few weeks. I think I used eight bottles in two years; more than I can prescribe, in a year or two, but I think, as a dressing, and I have continued to use it for that purpose. I believe Ayer's Hair Vigor possesses virtues far above those of any similar preparation now on the market."—
